

## **IMS Policy - Integrated Management System Policy**

(Quality, Environment, Health and Safety Management System Policy)

At SemaConnect, we are driven by a need to provide cost effective and timely supply of products with a commitment towards protection of the environment, prevention of pollution, promotion of environmentally sustainable resource use, providing safe & healthy working conditions, prevention of work related injury and ill health in the assembly, testing and supply of electric vehicle charging stations and its accessories.

To achieve this we are committed to:

- Enhance effectiveness by tracking, reviewing, and improving our processes that enhance Quality, Environment, Health and Safety.
- Adopt Efficient processes that enhance continual improvement in time and minimize wastage.
- Develop staff competency through periodic training
- Communicate the commitments to relevant interested parties including the consultation and participation of workers
- Comply with Quality, Environment, Occupational Health and Safety management standards, fulfil relevant applicable legal and other requirements and continual improvement of QEHS system

Our Quality, Environment, Health and Safety goal is to enhance our customer satisfaction, eliminate hazards and reduce QEHS risks.
